**T**he Origin of chess can be traced as far back as 1500 years. Despite there being uncertainties about the origins, the earliest predecessor of the game is believed to have originated from India before the 6th Century AD. The game had then spread to Persia and Arab nations. Chess evolved in the 15th century and the style of play was called “Romantic Chess”. It focused on quick, tactical maneuvers rather than Long-term strategic Planning. This was in the 1800s. In the 19th Century Romantic Chess evolved to Hyper-modern and dynamic chess. Modern chess tournaments began and the first official World Championship was held in 1886.

In the 20th Century the world chess federation (FIDE) was established.

In 1997 there was development of computer program, an example is the game that was played by Deep Blue Versus Garry Kasparov.

A survey done in 2012 found that “chess players now make up one of the largest communities in the world. 605 million adults play chess regularly”. 12% of British People, 15% of American People, 23% of German People, 43% of Russian People and 70% of Indian People play chess at least once a year.

## Unity Chess

**Dear Daria**

**Thank you for giving us time and participating in this Interview. How did you learn chess and how did you become a Woman Grandmaster?**

When I was 3 years old I saw my father and Brother playing chess and asked them to teach me. Since chess became a part of my life.

I became a grandmaster late in 2017, when I had a break through in my career.

I showed good results in the Super final of the Russian Championship 2016, in Gibraltar 2017 and the women's European Championship 2017. My maximum Rating was 2427

**What are your biggest Successes?**

My Successes are the Champion of Russian among Women in Rapid chess 2019 and 3 times Champion of Europe for students 2015, 2017, 2019.

**What is your Opinion about Sundays With Unity Tournaments? How can it become more useful and Attractive?**

I want to thank the Organizers for creating this tournament, where each participant cannot only enjoy the game, but also win some prize.

## Unity Chess

**Young players enjoy playing in the Arena System. What do you think about this system? Do you want our tournament to be held in the Rena System or Swiss one?**

Each System is Interesting in it's own way, if you look at it from the point of view of entertainment, then the Arena system is very fun.

**How Much time do you spend on Chess during the current pandemic, how is it divided?**

I play chess Everyday. During the pandemic, many strong chess players started streaming. It was very interesting and informative for me!

**Who is your Favorite Chess Player in history? What about the current Players?**

I like to see how every chess player brings something Unique to chess and I don't want to focus on just one Person

**Please name some of your favorite chess books ? And tell us if you like them?**

Famous books by Kasparov, Dvoretsky about the approach to chess and Linder about the history of Chess.

**What do you think about the Future of chess?**

Time Will show

## Unity Chess

Dear Anna

**Thank you for giving us time and participating in this interview. How did you learn chess and how did you become a woman Grandmaster?**

When I was a little girl my grandfather's friend started to teach me different table games, and the queue reached to chess. In that time I was 8 years old and got attracted to chess immediately.

I then asked my mother to bring me to the chess trainings. It is very important to work hard, practice a lot and also have strong nerves. That's what makes players stronger.

**What are your biggest successes?**

In 2017 I became Armenian girl's champion. In 2019 I won individual gold medal in European team chess championship.

**What is your opinion about Sundays With Unity tournaments? How can it become more useful and attractive?**

I enjoy playing these tournaments, and as I see there are always

1000+ players, so I think it is already attractive enough

**Young players enjoy playing in the Arena System. What do you think about this system? Do you want our tournament to be held in the Rena System or Swiss one?**

My first tournament in this Arena system was 'Sundays With Unity' tournament. I really liked this type of tournament because as such as in Swiss after 3-4 losses

## Unity Chess

There is no chance for high ranking, but this system gives much more chances. However, it has its bad sides also, such as I feel very tired after 120 minutes

**How Much time do you spend on Chess during the current pandemic, how is it divided?**

Actually my days are very regulated, I have some hobbies, such as walking, listening to music, watching some TV shows or something like that. After that I dedicate my day to

Chess. Unfortunately, I'm a student and my classes will begin from the 15th September, so I can't spend as much time on chess as did in summer.

**Who is your Favorite Chess Player in history? What about the current Players?**

My Favorite chess player is Garry Kasparov, he is really the greatest. From the current players I prefer Fabiano Caruana.

**Please name some of your favorite chess books ? And tell us if you like them?**

I love books by Boris Gelfand very much , 'Positional decision making in chess' and 'dynamic decision making in chess'.

I am impressed how the author explains positions, I feel that he talks with the reader and it makes it enjoyable to read his books.

**What do you think about the Future of chess?**

Chess is a very ancient game and it becomes more and more popular. In Armenia, this is even compulsory subject. I hope the other countries will imitate us
